Wire Marking Flags - 10 per bundle	23"	\$2.50		\$

Note: Small seedlings can be planted with a dibble but transplants and large-size trees have larger rootstock and require shovel-dug holes and more time for planting. All plants are healthy at time of distribution, but due to a variety of factors, there are no guarantees of long-term survival. Notify the Conservation District of any issues with your order by the Monday following tree pick-up.

Make a Tax-Deductible Donation!

The Mason-Lake Conservation District is a 170(c) tax-deductible organization. Your donation will be applied towards a scholarship fund or conservation activities in our District. Alternately, consider us in your estate planning by donating to our endowment with the Community Foundation. You can directly impact conservation in our area for years to come!

For detailed information on each species' growth, habitat, species descriptions, etc. call or visit
www.Mason-LakeConservation.org

When purchasing apple trees, be sure that you have two different varieties planted within 50' of each other so that they cross pollinate to get fruit. Call or see our website for pollenizer recommendations. Or add a crabapple to improve pollination!

Tree Workshops!
Check our website and facebook for details on upcoming workshops on 2/18 and 2/22 to help choose, plant, and maintain your trees.
