Mason-Lake Conservation District
655 N. Scottville Rd
Scottville, MI 49454

Thursday July 22nd, 8:00 am - 4:30 pm

Manistee Conservation District
8840 Chippewa Highway
Bear Lake, MI 49614

Friday July 23rd, 9:00 am - 4:00 pm

Elk Township Hall
8966 N. Bass Lake RD
Irons, MI 49644

Please see water sampling information below:

**Run water for 20 minutes before collecting the sample from an untreated tap. Outdoor faucets work well; detach the hose before sampling*

**Label bottle clearly with your name, sampling date, and the well name (cottage well, Mom's well, etc.)*

**Please use a small clean jar/bottle (mason jars, baby food jars, etc.) to collect one ounce samples*

**Water samples must be less than 48 hours old & kept cold before dropped off*

**Water sampling forms are available on our website or when you drop off the samples*

**This service is for private drinking water wells only. Public water supplies are tested regularly*

Call MAEAP Technician Justin Brown at (231) 757-3707 ext. 109 for more information

Water sampling forms found at: <https://www.mason-lakeconservation.org/>
